

**R. Douglas Rowley, M.D.**

Born and raised in Texas I received my Bachelors degree at University of Texas in Austin in 1969 and Doctor of Medicine degree from Southwestern Medical School (Dallas) in 1973. After specialty training in Obstetrics and Gynecology in Denver, I practiced in numerous locations including Utah, Colorado, and Texas. I retired from medical practice after 35 years and nearly 5000 babies delivered.

I am a life-long Methodist, and have been active in numerous churches in Texas, Colorado, Utah, and New Mexico. My wife of 26 years is currently Senior Pastor of one of the largest Methodist churches in the New Mexico Conference. With her inspiration and support I have initiated the New Mexico Ramp Project, which was initially a spin-off of the Texas Ramp Project.

I have been involved in Ramp-building since 2011 and have served as Team Leader and Executive Director of the New Mexico Ramp Project since its inception in 2019.

I am active in other church ministries, such as the food bank, Choir, homeless ministries.
